

# DrawSuccess Leadership Training

In the end, all business operations  
can be reduced to three words:  
**people, product and profits.**

Unless you've got a good team,  
you can't do much with the other two.

The above quote by Lee Iacocca exemplifies the importance of successful Team Leadership. DrawSuccess® Team Leadership Training is an enlightening and interactive 2-day workshop where trainees explore ways to overcome the barriers to success and achieve optimal performance.

Following certification, trainees are equipped with the tools and techniques, (including the DrawSuccess Game), to be able to take this learning back to your team(s) and lead them through an energetic, interactive, experiential program designed to “draw out” the best from everyone on the team.

In Latin, “to educate” means “to draw out”. **Are you ready to DrawSuccess?**
